Attention All Providers: Directives Regarding Provider Enrollment

The Centers for Medicare & Medicaid Services (CMS) has issued directives to State Medicaid Agencies to help health care providers combat and contain the spread of 2019 Novel Coronavirus Disease (COVID- 19). The Division of Health Care Financing and Policy (DHCFP) has implemented the following directives in relation to provider enrollment:

- Revalidation requirements have been extended by 60 days for providers with revalidation due dates of March 16, 2020, through May 16, 2020. For example, if a provider has a revalidation due date of March 30, 2020, the extension gives them until May 29, 2020, to complete revalidation, if needed. This extension is for providers' convenience. Providers who do not need to use the additional time may complete their revalidation according to their due date published in the [Provider Revalidation Report](#).
- Providers licensed in another state who are not currently licensed in Nevada may submit an enrollment application with Nevada Medicaid to become enrolled and provide services to Nevada Medicaid recipients.
- Fingerprint-based Criminal Background Checks (FCBC) are temporarily postponed.
- Site Visits are temporarily postponed.
